

# Restrictions for the water!

**Since 18th of May it is forbidden to use drinking water for watering in Östhammar's municipality. Everyone needs to help to save water!**

Due to the low level of groundwater it is necessary to save water. Everyone needs to help to save water!

**The drinking water should foremost be used for cooking, drinking and hygiene.**

Use the water smart!

- Take a quick shower insted of a long.
- Turn of the shower when you use schampoo and conditioner.
- Turn of the water when you brusches your teeth.

Read more about the restrictions on our website - [www.gastrikevatten.se](http://www.gastrikevatten.se)

*Thank you for helping take  
care of our water!  
Every drop counts!*
